

As Veterans of the US armed forces, we are proud to have served our country. We're also proud to provide the same level of military dedication and respect to each of our clients.

Our clients are more than just cases - they are individuals facing difficult matters who need an experienced attorney in their corner.

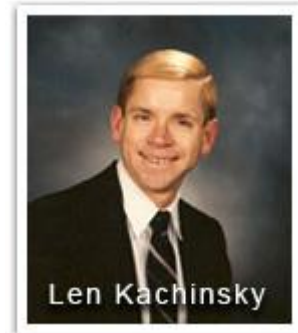

As experienced defense lawyers, we will thoroughly examine your case and provide you with the dedicated, assertive legal representation you deserve.

For clients facing bankruptcy we'll carefully explain the options available and how each option will impact you and your family. We know that you will have many questions, like whether you will be able to keep your house, your car, or savings accounts for your children. We're here to answer your questions and defend you against creditors.

We also represent clients and provide legal advice in matters including child custody, juvenile law, traffic violations, and wills.
